

Community Colleges are the Answer

California Community Colleges are the largest provider of workforce training in the world, and career education is all about preparing you for a livelihood that can support you and your family while doing something you love.

Convenient

- Community colleges provide financial assistance and low costs to students
- Hundreds of online options to build skills for a great local job

Online

- Online courses allow you to maintain commitments to work and family
- Student support and resources make your online campus feel like home

Now

- High-quality credentials lead to careers of today and tomorrow
- Students earning a degree or certificate from a California community college nearly double their earnings within three years

About the Improving Online CTE Pathways Grant

Programs in this brochure were created as a part of the *Improving Online Career Technical Education Pathways* Grant, developed by the California Virtual Campus. This grant provided support to California Community Colleges in accelerating innovative online learning opportunities leading to increased employ-ability and upward mobility for working Californians. To learn more about the grant, visit cvc.edu/pathwaysgrant

To view online programs offered by your local community colleges, visit cvc.edu.
